

WELCOME TO WEST RUN WOODS TRAILS

OPEN YEAR ROUND, SUNRISE TO SUNSET

CODE OF CONDUCT

RESPECT EACH OTHER

- // Share the trail
- // Stay in control
- // Use friendly communication
- // Yield appropriately

RESPECT THE LAND

- // Follow signs
- // Pack out all belongings and trash

RESPECT THE TRAIL

- // Ride dirt, not mud
- // Appropriate protective gear is strongly recommended
- // Stay on trails. No building or altering trails.

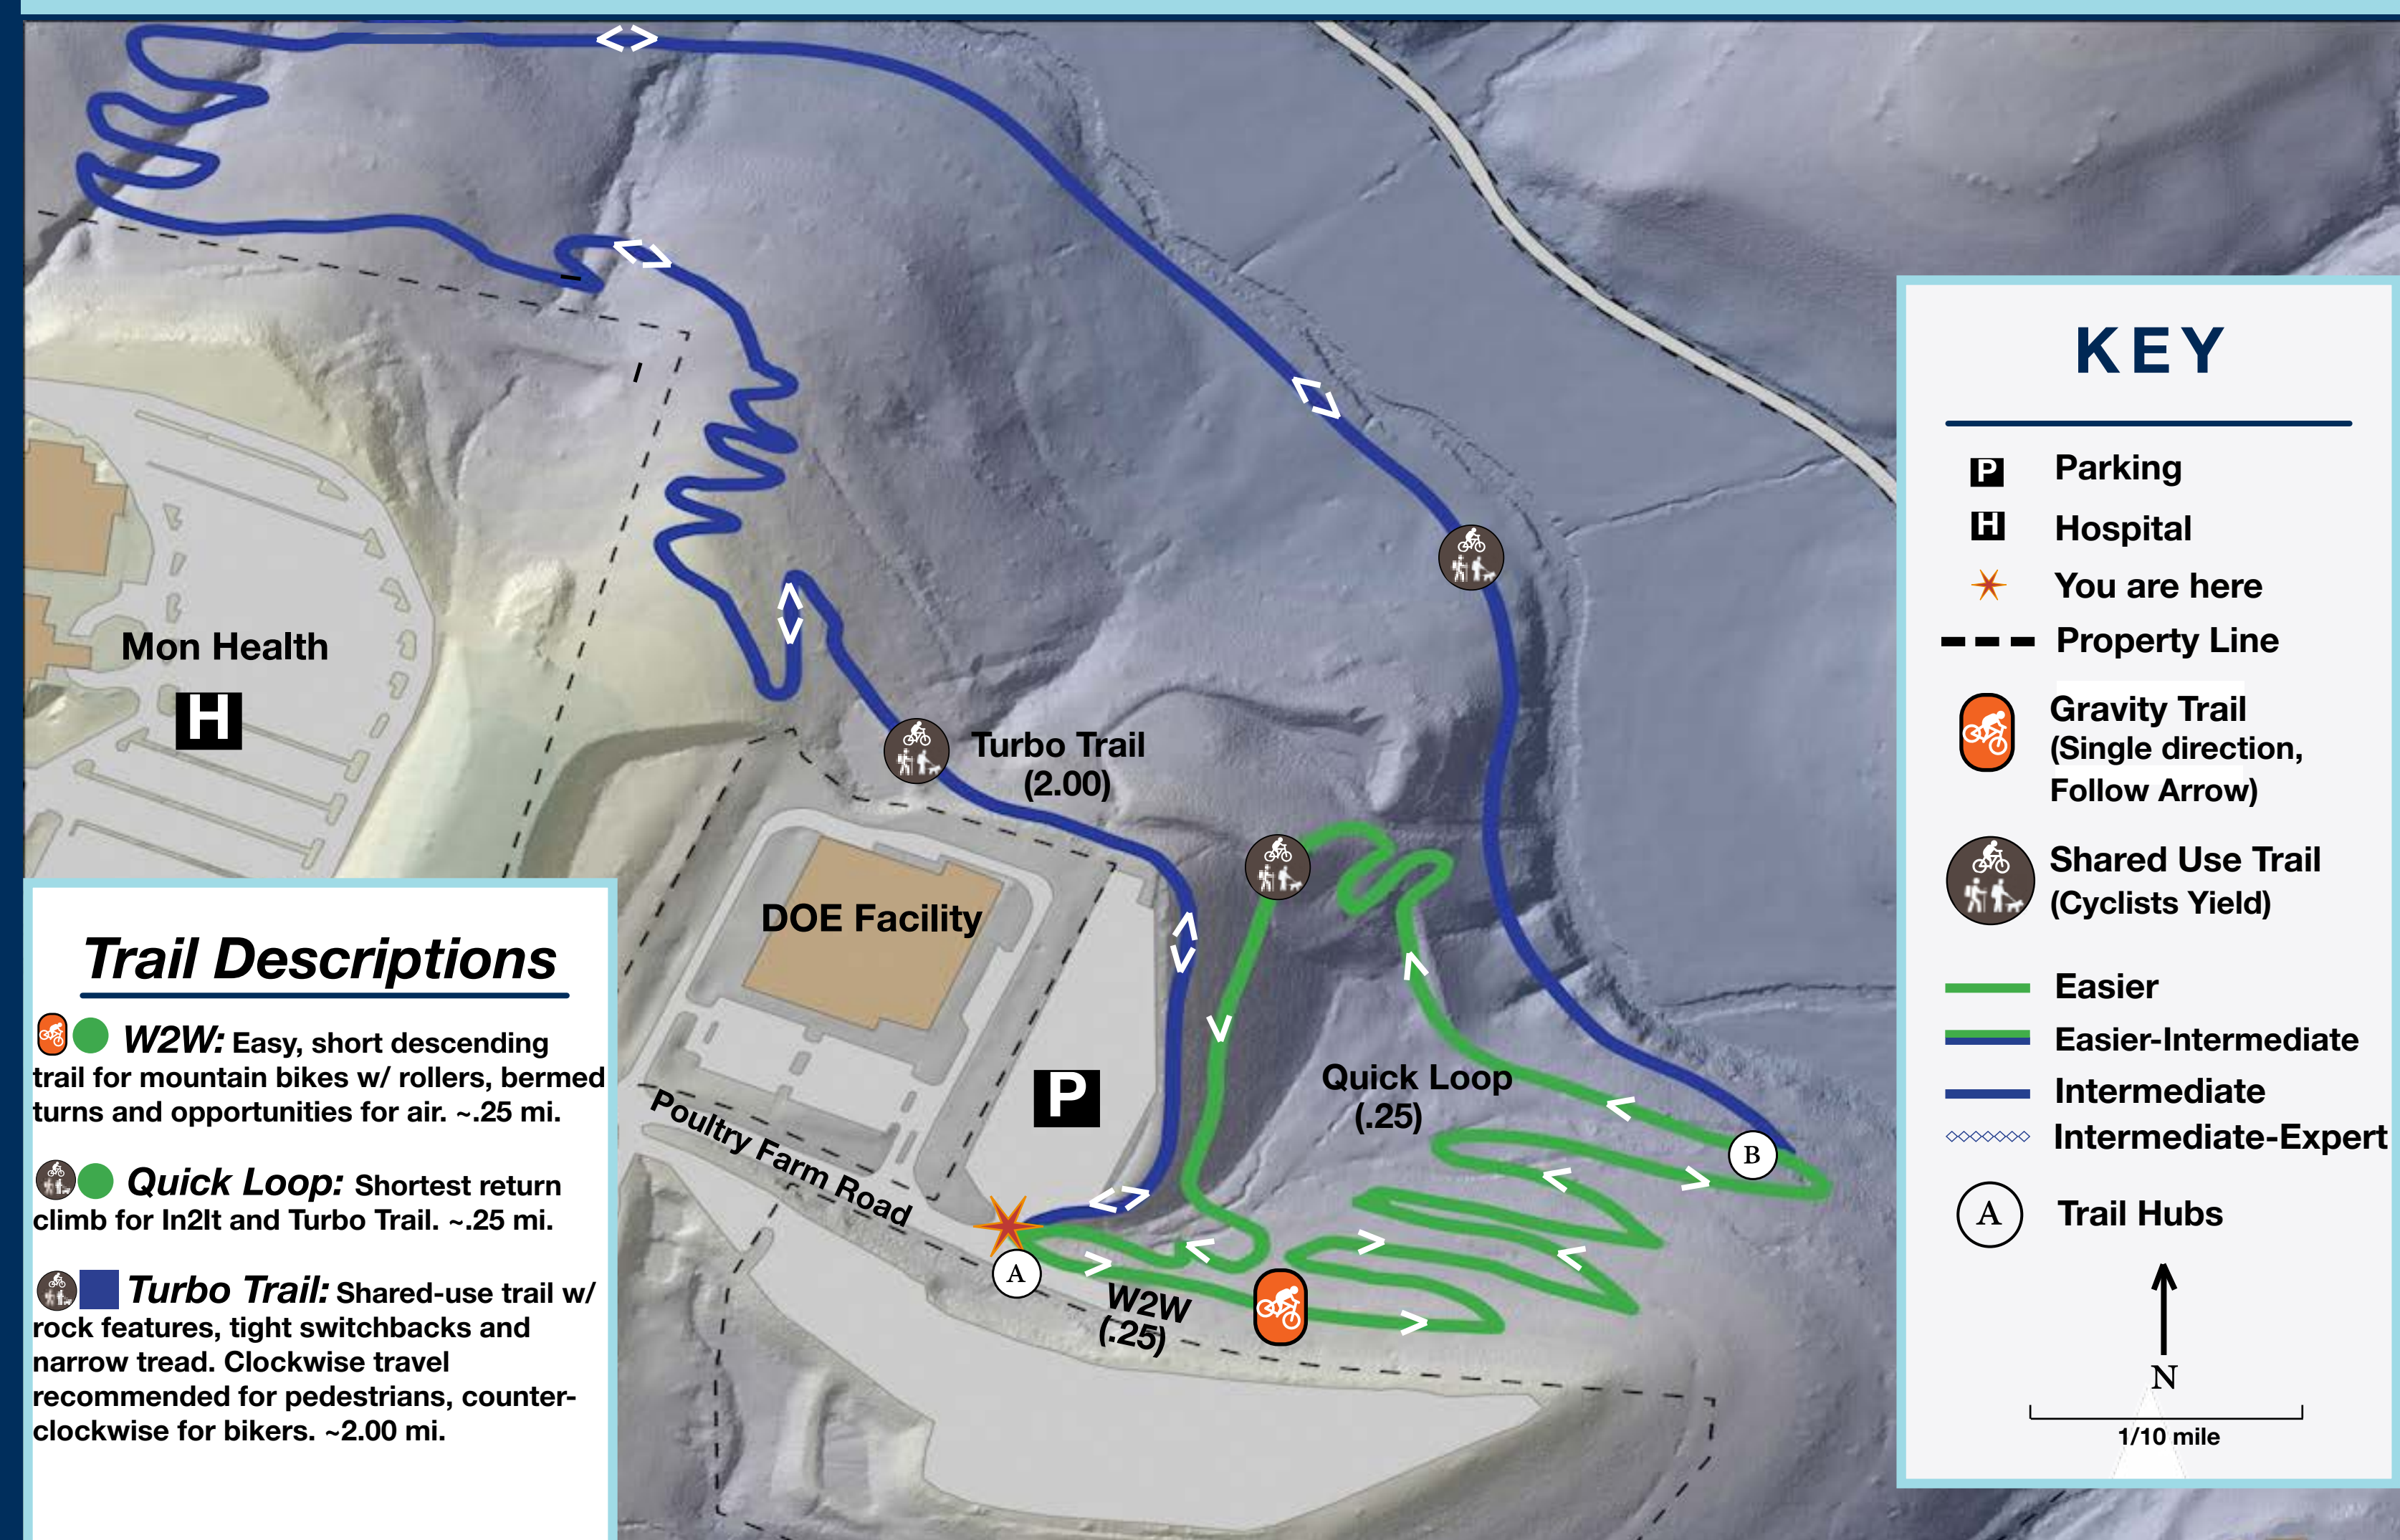

GRAVITY TRAILS

Bike specific trails that are single direction and feature rollers, jumps, berms, rock gardens, elevated ramps, and drops. *Pedestrian use is discouraged. Follow indicated direction.*

SHARED USE TRAILS

Shared-use trails accommodate walkers, runners, cyclists, and class 1 ebikes. *Cyclists should yield to pedestrians on shared use trails.*

Trail Descriptions

- W2W:** Easy, short descending trail for mountain bikes w/ rollers, bermed turns and opportunities for air. ~.25 mi.
- Quick Loop:** Shortest return climb for In2It and Turbo Trail. ~.25 mi.
- Turbo Trail:** Shared-use trail w/ rock features, tight switchbacks and narrow tread. Clockwise travel recommended for pedestrians, counter-clockwise for bikers. ~2.00 mi.

+ EMERGENCY

IN CASE OF EMERGENCY:

- // STAY CALM
- // CALL 911
- // LOCATION:
1199 POULTRY FARM ROAD,
MORGANTOWN, WV
WAYPOINT 001

RECREATE AT YOUR OWN RISK

- // This trail is unsupervised. Riders are responsible for their own safety. Be vigilant for natural and man-made hazards.
- // Trail closures and construction are ongoing
- // WVU holds no responsibility for injuries, damage or theft

TRAIL RATINGS

EASIEST ○
Smooth graded trail with improved surface, few obstacles, and gentle grades.

EASIER ●
Gentle off road trail with typical obstacles including gravel, loose rock, sticks, bridges, narrow tread, and trees.

EASIER-INTERMEDIATE ●
Off road trail with natural and manmade obstacles including rock, rollers, tight turns, narrow tread, trees, and bridges.

INTERMEDIATE ■
Challenging trail with steep slopes, varying obstacles, rocks, significant grades, and narrow tread.

INTERMEDIATE-EXPERT ◆
Advanced difficulty trail with steeper grades, varying surface, rocks, natural and manmade obstacles, narrow tread, and jumps.

EXPERT ◆
Difficult "expert" level trail with steep grades, loose surfaces, natural and manmade obstacles, elevated features, berms, jumps. Tread may be very narrow.

VERY DIFFICULT ◆◆
Extremely difficult trail. Advanced riding skills required. Trail may not be continuously rideable or walkable and air time may be required.
